## Experience

### LEAA A.C • UX Designer & Software Engineer

July 2020 - Present | Mexico City

- Prototyped and designed the app Moviteca, which wants to encourage reading and acquiring culture.
- Developed the WordPress theme for the website Colectiva, which shows the association's programs with people in vulnerable situations.
- Increased books sells by 20% by redesigning the website Creando Lectores.

### Musicat • Front End Developer

Oct 2019 - Jan 2021 | Mexico City

- Worked with musicians and historians to develop websites that show the result of years of investigation about the cathedrals of Mexico.
- Incremented website traffic by 60% by restructuring and updating the layout of the website Red Digital.
- Reduced the time taken to upload content by fixing usability problems and improving the user flow.

## Projects

### Yaj ban • UX Designer

Aug 2020 - Sep 2020 | Mexico City

- Speeded up the acquisition of regional dresses by designing end-to-end user experience of a website.
- Conducted 12 user interviews with dancers and dance teachers across the country.

### Bunker Pet • Front End Developer

Jan 2020 - May 2020 | Mexico City

- Developed a web app that helps people hire a pet sitter in an easier, secure and faster way.
- Analyzed competitors to find pain points and potential improvements of the current experience.
- Defined physical, human and logical risks the project could have in order to improve the web app.
