Work Experience

Product Designer • Alight
May 2021 – Present | Lincolnshire, IL (Remote)

- Researched accessibility best practices and proposed new designs that improved the Alight mobile app experience.
- Designed and maintained the new component library for the mobile app to transition it to the new design system.

Product Designer • Develop for Good
Apr 2021 – Oct 2021 | Stanford, CA (Remote)

- Collaborated with cross-functional partners to redesign the DFG website, improve navigation, and increase project cycle applicants.
- Planned and conducted user research, provided low and high-fidelity mockups, and participated in quality assurance sessions to supervise the implementation of the design.
- Worked with the product manager to plan the strategy and scope of the project.

Web Designer • Product Classroom
Apr 2021 – Oct 2021 | Providence, RI (Remote)

- Partnered with design students in a project that aims to make learning product design more accessible to students from all backgrounds.
- Collaborated in the design of the website to introduce the project to new users and increase applications.

Product Designer • LEAA A.C
Jul 2020 – Mar 2021 | Mexico City, MX

- Analyzed research to build information architecture, user flows, and prototypes based on the discovered insights.
- Participated in client meetings with the product manager to define business goals, constraints, and product features.

Front End Developer • Musicat
Oct 2019 – Jan 2021 | Mexico City, MX

- Worked with designers and engineers to build interactive websites that show the research results about the cathedrals of Mexico.
- Conducted rounds of usability testing to find pain points, gather feedback, and fixed the problems in the next iterations.

Education

National Autonomous University of Mexico
Graduating in Jul 2022

Bachelor of Science in Computer Science.
GPA: 3.3

Interaction Design Foundation
Dec 2020 – Present

Obtained industry-recognized course certificates in Design Thinking, HCI and Usability.

Skills

Design

User Research	Personas
Info. Architecture	Wireframing
User Flows	UI Design
Usability Testing	Prototyping

Tools

Figma	ProtoPie
